Group Renews with VALIC After 25+ Years of Outstanding Retirement Planning Support

HOUSTON, August 16, 2011 —VALIC, a leading retirement plan provider to healthcare institutions, K-12 schools, higher education and government institutions, was selected as the exclusive 403(b) and 401(a) plan provider for Enloe Medical Center in Chico, California. Enloe first enlisted VALIC in 1984 as part of a multi-vendor environment before choosing VALIC as its exclusive plan provider in 1999.

“We are excited to continue our 27 year relationship with Enloe Medical Center,” said Bruce Abrams, President and CEO of VALIC. “VALIC takes great pride in maintaining long-standing relationships with its groups, and we look forward to serving the needs of Enloe’s employees for years to come.”

The group’s more than 3,200 plan participants will have access to VALIC’s open-architecture mutual fund platform that utilizes thousands of non-proprietary investment choices from over 100 fund families. VALIC will continue to provide access to professional financial advisors who serve participants on-site and assist employees with a wide range of retirement and financial planning issues. Plan participants will also have access to a complete suite of Internet support services and financial planning tools, including VALIC’s Guided Portfolio Services®, which provides valuable, fee-based account management service with objective advice from independent financial expert Ibbotson Associates, Inc. on how much to save, which investments to choose, and how much to invest in each.

Enloe Medical Center is a 298-bed hospital that offers a full continuum of health services ranging from preventative education and outpatient services to acute care, behavioral health, inpatient rehabilitation, home health and hospice services to more than 450,000 residents in a six-county region in Northern California.
